MICHAEL BOONE
Senior Photographer

Michael Boone is a seasoned veteran with over twenty years of experience as a commercial photographer and the portfolio and client list to prove it. The full list of his accomplishments is impressively long and includes work for corporate clients who demand the best: Hallmark Cards, Spiegel Catalog, Colgate Palmolive, Coca-Cola, FTD Florists, Pactiv, Gerber Faucets, McDonalds, Beatrice Foods, Mario Tricocci, and C.D. Peacock Jewelry among others. Michael tackles projects with athletic rigor, Epicurean taste, and prodigious technical expertise.

The scope of Michael's ability and experience spans from the tabletop—clothing, electronics, food, and jewelry—be it a straightforward product shot or the most elaborate vignette, to the most challenging location shot. It's hardly surprising that the promise shown early in his career as an award winning (Omni Award) Art Director is fully expressed today as Que-Net Media's Senior Photographer, and a major force behind our cameras.

ROBERT J. FREUND
Staff Photographer

When digital photography made its debut, Robert Freund's expertise with the technology helped Que-Net Media pioneer the approach five years ago. His photography has been featured in the publications of many corporate clients including Hammacher Schlemmer, Springs Window Treatments, J.C. Whitney Automotive, Seventh Avenue, McNeil Automotive, Blair, Boise Cascade, The Bradford Exchange, Ulta, Motivation Excellence, Successories, Pactiv, and American Tool. Before joining the creative staff, Robert served as a Customer Service liaison to Sears—giving him strong communication skills and exceptional insight into the particular creative and reproductive needs and goals of retailers. His much-valued understanding of the complexities of quality color reproduction has made a substantial contribution to the transition many of our clients have made to digital capture. As technology advances, Que-Net Media can count on Robert Freund to blaze the trail.

CINDY TRIM
Photographer

With over sixteen years experience behind the camera shooting people, food, jewelry and a vast array of other goods, Cindy Trim thinks that versatility is one of her major strengths. As beneficiaries of a creative partnership with Cindy, Que-Net Media's staff and our clients couldn't agree more. Cindy thinks that the opportunity to work with a wide variety of clients—producing tabletop, vignettes, and editorial photographs—has enhanced her creativity and added to her fulfillment as a professional photographer. When asked to jump through hoops, Cindy is the kind of person who asks, "How high?" This quality has well-served clients such as Humana Hospitals, Spiegel, FTD Florists, Taylor Ice Cream, Zenith, McShane/Hibbits Construction, M&M Candy, Damon's Restaurants, Publications International, McDonalds, Gas Research Institute, Primen, C.D. Peacock Jewelry, Quixtar Jewelry, and Thermos. Cindy, winner of two Addy Awards, has the kind of enthusiasm and professional experience that assures that even the most grueling shoot will finish as a triumph.

Before joining the creative staff, Robert served as a Customer Service liaison to Sears—giving him exceptional insight into the particular needs and goals of retail sellers and strong communication skills. However, the switch to photography was a natural for Robert. He was raised in a family that produced photographic articles about their camping trips and he'd won a Kodak Gold Medal of Excellence before leaving high school.
